**WWW: Watch (WWW Trilogy Book 2)** Robert J. Sawyer

**Award-winning author Robert J. Sawyer continues his "wildly though- provoking" science fiction saga of a sentient World Wide Web.**

Webmind is an emerging consciousness that has befriended Caitlin Decter and grown eager to learn about her world. But Webmind has also come to the attention of WATCH-the secret government agency that monitors the Internet for any threat to the United States-and they're fully aware of Caitlin's involvement in its awakening.

WATCH is convinced that Webmind represents a risk to national security and wants it purged from cyberspace. But Caitlin believes in Webmind's capacity for compassion-and she will do anything and everything necessary to protect her friend.
