Umberto Eco

**La estructura ausente (Spanish Edition)** Umberto Eco

## Una introducción a la semiótica de la mano de su mayor experto: Umberto Eco

Después de *Obra abierta*, en la que estudiaba los lenguajes experimentales del arte contemporáneo, y de *Apocalípticos e integrados*, donde abordaba las técnicas y los temas de la comunicación de masas, Umberto Eco analiza aquí las fronteras de la semiótica. Comprender los sistemas de signos obliga a ver los códigos como estructuras y explicarlas a través de otras estructuras más vastas, en un movimiento regresivo hacia la matriz originaria de toda comunicación, hasta llegar a una estructura no estructurada. La conclusión metafísica de esta búsqueda no puede ser más que el rechazo del código de códigos: la negación de la estructura ausente.

Coordinando todas sus investigaciones precedentes, Umberto Eco vuelve a asentar las bases de la semiótica y propone un verdadero sistema de la cultura como comunicación.

### La crítica ha dicho...

«La figura de Umberto Eco es tanto mayor cuanto más tiempo pasa.»

Vicente Verdú, *El País*
