The Workers' State Meets the Market: Labour in China's Transition (Journal of Development Studies)

The Workers' State Meets the Market: Labour in China's Transition (Journal of Development Studies)

Among the most dramatic changes to affect China in the 1990s is the upsurge in labour mobility and the emergence of a market-driven system of labour allocation, changes which profoundly affect the working environment and livelihoods of the Chinese people. Papers in this collection draw on a wide variety of data sources to analyse key elements of this transformation.
