Essential Project Management Skills Kerry Wills

In today's business world, project managers not only have to be diligent in project planning and execution, but also need to have skills in persuasion, communication, and relationship management. Reflecting the changing landscape of projects today, **Essential Project Management Skills** empowers project managers to master the skills necessary to succeed in the current environment.

Real case studies clarify concepts

Divided into four sections by chapter and enhanced with tables and diagrams, the book begins by introducing the concepts related to the changing project landscape and their impact on projects. It then delves into the details of several trends within the project landscape, describes the challenges created by these trends for project managers, and provides illuminating case studies that elucidate each trend and its impact. Next, the book outlines the skills required to be successful in this new environment and offers techniques that can be applied to fully master them. Each of these skills is aligned with a case study in which the skills and techniques are used and the outcomes discussed. Finally, the book ties together the evolution of the project landscape, the challenges posed, and the new skills required to manage projects successfully in today's environment. The book also provides a checklist of the skills and techniques in the context of different project scenarios.

Written by an expert in project management

Written by an expert with a career of hands-on experience in the project management field, this volume is invaluable for project managers who have a fundamental background in project management principles and want to augment their toolbox of skills and techniques around the delivery of projects in today's complicated business environment.

From reader reviews:

Agustin Thornsberry:

Here thing why this Essential Project Management Skills are different and reliable to be yours. First of all reading a book is good however it depends in the content of it which is the content is as yummy as food or not. Essential Project Management Skills giving you information deeper and in different ways, you can find any book out there but there is no publication that similar with Essential Project Management Skills. It gives you thrill examining journey, its open up your current eyes about the thing in which happened in the world which is possibly can be happened around you. It is easy to bring everywhere like in park your car, café, or even in your means home by train. For anyone who is having difficulties in bringing the published book maybe the form of Essential Project Management Skills in e-book can be your option.

Christine Curnutt:

Reading a book to become new life style in this yr; every people loves to study a book. When you study a book you can get a lot of benefit. When you read ebooks, you can improve your knowledge, because book has a lot of information in it. The information that you will get depend on what kinds of book that you have read. If you wish to get information about your analysis, you can read education books, but if you act like you want to entertain yourself look for a fiction books, this kind of us novel, comics, as well as soon. The Essential Project Management Skills offer you a new experience in reading through a book.

Carlos Callahan:

This Essential Project Management Skills is completely new way for you who has attention to look for some information as it relief your hunger of knowledge. Getting deeper you upon it getting knowledge more you know or perhaps you who still having small amount of digest in reading this Essential Project Management Skills can be the light food for you because the information inside this book is easy to get by means of anyone. These books produce itself in the form and that is reachable by anyone, that's why I mean in the e-book type. People who think that in e-book form make them feel drowsy even dizzy this e-book is the answer. So there is not any in reading a book especially this one. You can find what you are looking for. It should be here for you actually. So , don't miss it! Just read this e-book sort for your better life and knowledge.

Robert Beaubien:

As a scholar exactly feel bored to help reading. If their teacher asked them to go to the library or to make summary for some guide, they are complained. Just small students that has reading's spirit or real their pastime. They just do what the trainer want, like asked to go to the library. They go to at this time there but nothing reading really. Any students feel that reading is not important, boring as well as can't see colorful photos on there. Yeah, it is to get complicated. Book is very important for you. As we know that on this time, many ways to get whatever you want. Likewise word says, ways to reach Chinese's country. So , this Essential Project Management Skills can make you feel more interested to read.
