Percepcion del paisaje urbano (Paisaje y Teoría) (Spanish Edition) Ana Maria Moya Pellitero

Este trabajo de investigación en el campo de la teoría del paisaje, la cultura urbana, la psicología de la percepción y los medios visuales se entrelaza con el análisis de representaciones de paisaje urbano en pintura, fotografía y cine. Conduce al lector a un viaje al interior de la imagen y al análisis de su construcción, para así poder reflexionar sobre los parámetros fenomenológicos que definen la memoria perceptiva del observador y su propia experiencia vivencial. Asimismo, compara la cultura del paisaje en Europa y China, describiendo diferentes espacios de percepción dentro de la imagen que han permitido reconstruir la realidad sensible del paisaje urbano en diferentes momentos históricos.
