*A Gaslight Chronicles Novel*

Sir Thomas Devere and Eleanor Hadrian have loved each other most of their lives—but sometimes love doesn't conquer all.

Their chance at happiness was ruined by Tom's hasty marriage to someone else. Heartbroken, Nell left home, finding a new life as a teacher at a school for the blind. But when one of her supernaturally gifted students, Charlie, is kidnapped, Tom reappears and her worlds collide.

Tom claims he hasn't seen his wife since the day of their marriage...yet he fears the missing student could be his son.

The deeper they dig, the more Tom and Nell discover: a deadly alchemist, more missing gifted children and long-suppressed feelings neither of them is ready for. A race on airship across England and India may lead them to answers—including a second chance at love—but only if all of British Society isn't destroyed first.
