AutoCAD 2008 Instructor: A Student Guide to Complete Coverage of AutoCAD's Commands and Features James A. Leach

"AutoCAD 2008 Instructor" covers all features and capabilities of AutoCAD. The text is command-oriented so chapters are centered around groups of related commands, making the text very effective as a reference. The chapters are structured in a practical pedagogical sequence beginning with instruction in general procedures for using the computer interface, setting up and creating drawings, and then progressing to advanced features such as dimensioning, special drawing applications and AutoCAD features, three-dimensional modeling and rendering, and software customization.
