Esther & Daniel (Brazos Theological Commentary on the Bible) Samuel Wells, George Sumner

The Brazos Theological Commentary on the Bible enlists leading theologians to read and interpret scripture credally for the twenty-first century, just as the church fathers, the Reformers, and other orthodox Christians did for their times and places. *Esther & Daniel*, like each commentary in the series, is designed to serve the church and demonstrate the continuing intellectual and practical viability of theological interpretation of the Bible.

"A fascinating conversation between two books that capture opposite aspects of the life of faith emerges in this volume of the Brazos Theological Commentary. In *Esther*, God seems to disappear from history, leaving the faithful to their own desperate devices. And in *Daniel* we read about God breaking into the chaos of history. Imaginatively and convincingly, Wells and Sumner show the theological, ethical, and even missional importance of these 'outlier' books within the Christian canon. Powerfully written, this book is designed to stimulate serious conversation in the church."

--**Ellen F. Davis**, Amos Ragan Kearns Distinguished Professor of Bible and Practical Theology, Duke Divinity School

"This volume in the Brazos Theological Commentary series shows two keen theological imaginations interacting with two challenging books of the Bible. Wells and Sumner offer readings of *Esther* and *Daniel* that display their insights as careful, thoughtful readers, while also revealing their roles as contemporary tradents passing on insights from their historic predecessors to their contemporary community. Preachers, students, and scholars who care about the possibility of responsible theological interpretation--especially with regard to the relation of Jewish and Christian readings of biblical books--will find much of great value here."

--**A K M Adam**, lecturer in New Testament, University of Glasgow

"Here is a form of biblical interpretation the church should never have forgotten. Wells and Sumner read not uncritically, not even post-critically, but with a form of criticism born of cross and resurrection. And just so they remind us how beautiful are the books of *Esther* and *Daniel*."
