Hidden Things Doyce Testerman

A phone call from a soon-to-be-deceased ex-boyfriend launches a young woman on a bizarre road trip to a dark supernatural world hidden beneath America's heartland in this remarkably imaginative debut novel from an electrifying new voice in contemporary fantasy. With *Hidden Things*, author Doyce Testerman immediately takes his place alongside Neil Gaiman, Kim Harrison, and Melissa Marr by viewing modern-day America through a glass darkly and transforming our mundane world into a place where unseen monsters and paranormal beings have long inhabited the shadows. Among the *Hidden Things* in Testerman's exceptional first novel are goblins, dragons, a road-weary clown, and creatures that have never been categorized, joining a smart, tough, courageous female protagonist on a wild cross-country thrill ride that readers will never forget.
