Children deserve to play and learn in safe environments. The earlier children understand safety concepts, the more naturally they will develop the attitudes and respect that lead to lifelong patterns of safe behavior. Support children as they begin to incorporate actions into their lives that make them feel more secure and learn about pedestrian safety, seat belt use, fire and burn prevention, weapons avoidance, poisoning prevention, and tobacco and alcohol awareness.

The curriculum includes

Overviews of the six safety topics

Suggested interest area materials and supports for creating the learning environment

Learning objectives and vocabulary words to introduce and use

Suggestions for evaluating children's understanding of each topic

More than 30 hands-on classroom activities

Family information and take-home activities

This book is part of the Growing, Growing Strong series, a whole-health curriculum for children age three through kindergarten. Together, the books provide a complete set of activities and resources to help you support children's growth and wellness.
