Values and Ethics in Social Work Practice (Transforming Social Work Practice Series)

Lester Parrott

Values and Ethics in Social Work Practice (Transforming Social Work Practice Series) Lester Parrott
Applying values and ethics to social work practice is taught widely across the qualifying degree programme, on both Masters and BA courses. This book is a clear introduction to this subject and will help students develop their understanding by showing social work students how ethics can have positive impacts on the lives of vulnerable people. There are chapters on how social workers can make good ethical and value-based decisions when working with risk, and how the role of the social worker as professional can impact on service users.

Above all the book is a timely and clear introduction to the subject, with an emphasis on advocacy and empowerment and how the beginning social worker can start to apply these concepts.
