Suitable examples and case studies are given to enhance the understanding of the critical issues that require a delicate balance of what ought to be and what not. The book hopes to make a significant contribution in its own way by looking at the whole concept of corporate governance with a balanced perspective and makes a sincere effort to discuss the whole issue in an entirely new, innovative, interesting and thought provoking manner. The author hopes that the book shall be useful not only for the professionals and students but also for anyone one who has a stake in the corporate world.
