Flavius Josephus and Flavian Rome Jonathan Edmondson

Flavian Rome has most often been studied without serious attention to its most prolific extant author, Titus Flavius Josephus. Josephus, in turn, has usually been studied for what he is writing about (mainly, events in Judaea) rather than for the context in which he wrote: Flavian Rome. For the first time, this book brings these two phenomena into critical engagement, so that Josephus may illuminate Flavian Rome, and Flavian Rome, Josephus. Who were his likely audiences or patrons in Rome? How did the context in which he wrote affect his writing? What do his narratives say or imply about that context? This book brings together contributions from leading international scholars of Josephus and Flavian-Roman history and literature.
