La conquista de América (HISTORIA) (Spanish Edition) Antonio Espino López

Con la llegada de los españoles a América, se inició la conquista de un vasto territorio en la que fue esencial el despliegue de una serie de estrategias que tuvieron siempre la violencia calculada como común denominador. Las implacables tácticas militares utilizadas por las fuerzas hispanas contribuyeron, con mayor o menor fortuna, al derrocamiento de los imperios precolombinos y al sometimiento de las sociedades amerindias, pero también dejaron escritas algunas de las páginas más sangrientas de la historia. A partir del análisis de la historia militar y la cultura de la violencia ejercida contra los nativos, el catedrático Antonio Espino ofrece una lúcida e insólita crónica de la conquista de América por parte de ejércitos y grupos armados españoles.

Catedrático de Historia Moderna de la Universitat Autònoma de Barcelona, especializado en historia de la Guerra.
