## Jonathan Edwards and the American Experience

Universally recognized as a seminal figure in American intellectual history, Jonathan Edwards has been the focus of considerable scholarly attention in a variety of academic disciplines, including religion, history, literature, and philosophy. Because these disciplines discuss him in relation to different intellectual traditions, Edwards scholarship remains segmented. This volume represents the first attempt to provide a synthetic vision of Edwards and his contributions to American culture. Its fifteen previously unpublished essays present the best contemporary literary, historical, theological, and philosophical thinking on Edwards, locating him in his full historical context and demonstrating the continuity of his influence. Together, they provide the fullest account to date of his role in the development of the American consciousness. This volume is the first attempt to provide a synthetic vision of Edwards and his contribution to the development of the American consciousness. Fifteen previously unpublished essays present the best contemporary literary, historical, theological, and philosophical thinking on Edwards, locating him in his full historical context and demonstrating the continuity of his influence.
