The Roman Audience: Classical Literature as Social History T. P. Wiseman

Who were Roman authors writing for? Only a minority of the population was fully literate and books were very expensive, individually hand-written on imported papyrus. So does it follow that great poets and prose authors like Virgil and Livy, Ovid and Petronius, were writing only for the cultured and the privileged? It is this modern consensus that is challenged in this volume.

In an ambitious overview of a thousand years of history, from the formation of the city-state of Rome to the establishment of a fully Christian culture, T. P. Wiseman examines the evidence for the oral delivery of 'literature' to mass public audiences. The treatment is chronological, utilizing wherever possible contemporary sources and the close reading of texts. Wiseman sees the history of Roman literature as an integral part of the social and political history of the Roman people, and draws some very unexpected inferences from the evidence that survives. In particular, he emphasizes the significance of the annual series of 'stage games' (ludi scaenici), and reveals the hitherto unexplored common ground of literature, drama, and dance. Direct, accessible, and clearly written, *The Roman Audience* provides a fundamental reinterpretation of Roman literature as part of the historical experience of the Roman people, making it essential reading for all Latinists and Roman historians.

So there are a lot of benefits that you will get when one buys this book.

James Rodriguez:

As a pupil exactly feel bored in order to reading. If their teacher asked them to go to the library as well as to make summary for some reserve, they are complained. Just tiny students that has reading's heart and soul or real their leisure activity. They just do what the instructor want, like asked to the library. They go to presently there but nothing reading significantly. Any students feel that studying is not important, boring in addition to can't see colorful photos on there. Yeah, it is to become complicated. Book is very important for yourself. As we know that on this period of time, many ways to get whatever we really wish for. Likewise word says, ways to reach Chinese's country. Therefore , this The Roman Audience: Classical Literature as Social History can make you really feel more interested to read.
