**Ataturk (Profiles In Power)** Alexander Lyon Macfie

This concise account of the life and career of Mustafa Kemal Atatürk (1881--1938), the formidable "founder of modern Turkey", offers a substantial reevaluation of a key figure in modern history, and also an introduction to the Turkish republic itself. It is a timely study with Turkey again at the centre of international attention, as Islamic fundamentalists challenge many of Atatürk's westernising and secularizing reforms, and as the regional aftershocks of the Soviet collapse reopen profound questions about Turkey's nature, role and relationships Atatürk had sought to settle for good.
