The third installment of Battle Mage Sebastian, The Lost King takes the young falcon beyond the borders of his home as his king sends him to find the lost king, an immortal out of legend. Taking to the sea with his team of wizards and mages, Sebastian sails into the vast waters of the North Sea, a sea barely mapped since the Cataclysm, following only a compass set to find the artifacts of Gerid, the Grimnal. Using his skills and those of his team, Sebastian finds lost islands and fights monsters, undead and forgotten wizards all the while searching for clues to the mysterious disappearance of the man that led the countries of the North through 800 years of peace.

As he learns more of Grimnal's quest from nearly 200 years before, he also learns that the Dark Emperor doesn't want him found and has set up traps for the unwary chasing the legend. Can the battle mage and his wizards defeat the elite team of Wizard Hunters and their black ships?
