*Luther's Theology of the Cross* represents a fully revised and updated edition of the classic 1985 text that expands on the author's ongoing research and reflects 25 years of Luther scholarship.

- Rewritten and expanded edition of a highly-acclaimed classic text
- Incorporates primary and secondary sources that have become available since the publication of the first edition

- Luther's 'theological breakthrough' continues to be of central importance to Reformation Studies and the development of Protestantism
- Written by one of the world's leading Protestant theologians, who is an authority on the development of the doctrine of justification. His classic work *Iustitia Dei: A History of the Christian Doctrine of Justification* is now in its third edition (2005)
