The Plot Against Social Security

Michael A. Hiltzik

The Plot Against Social Security Michael A. Hiltzik

Relentless and ominous, the drumbeat echoes across the land: Social Security is on the verge of bankruptcy. These repeated warnings have become a dismal article of faith for the millions of Americans who pay Social Security taxes and expect to collect benefits someday. But they are flatly untrue.

Social Security today is on a stronger financial footing than it has been for decades. The Plot Against Social Security will explain who is really behind the efforts to “reform” this system and will show that the most frequently proposed fix—increased privatization—will damage it beyond repair by undermining retirement security for generations to come. Award-winning journalist Michael Hiltzik also offers a clear set of remedies for those few elements of Social Security that do need repair—proposals that will shore up the most efficient social insurance program in America’s history, rather than destroying it in the name of reform.
