What bones are buried in the shadows of the past?

Asked to join in a dig at the site of the eighteenth-century Chandler House, archaeologist Emma Fielding and her student crew have descended upon Stone Harbor, Massachusetts. But certain residents of the tiny coastal community are none too happy about Emma's arrival -- especially when her excavation uncovers a pair of freshly slain corpses. There are dark forces at play in this dangerously divided town, where a distrust of strangers wars with a desire for tourist dollars. And when a young local's life is snuffed out, Emma is determined to get to the twisted roots of the strange secrets buried in this killing ground. But a mystery that lies among the tumbled ruins of a once grand manor could change Stone Harbor forever. And for some murderous someone, one more death -- Emma's -- would be a small price to pay to keep it hidden.
